SPRING 1942

PLEASE READ CAREFULLY BEFORE ORDERING

This price list cancels all previous lists. We aim to send out bulbs of the best quality—clean, true to name, etc., equal to any regardless of where grown.

Prices and Terms: Cash with order, please. Kindly send money order if possible. All orders amounting to \$1.00 or over will be sent prepaid; orders less than \$1.00, add 15c for postage. We try to make our prices as low as other gladiolus specialists, doing away with all complicated discounts, coupons or other sales propaganda. As our old customers know, we are generous with overcount, oversize and valuable extras. We guarantee you will be pleased with the way your order has been filled.

Sorry, but many of the new much bragged about varieties did not come up to our requirements, and of course were discarded. We do not claim to offer all the good ones, but what we do offer can be depended upon to be of the best.

GLADIOLUS THAT WIN

We are consistent high point winners in the commercial classes at East Bay Gladiolus Shows if in bloom at show time.

Order early to avoid disappointments as in some varieties stock is very limited and will go right out. Kindly name second choice as WE DO NOT SUBSTITUTE unless instructed to do so, but may send next size smaller if out of larger sizes.

No Small Sizes or Bulblets for Sale after April 1st

California customers please add sales tax of 3 per cent. All stock offered and orders accepted subject to prior sale.

NAPHTHALENE FLAKES

If there is any possibility of there being thrips on your bulbs, by all means do something to get rid of them. Of course you know if you had thrips on your plants this summer but sometimes there are thrips in very small quantities that you might not notice so it is always safer to take precautions and get rid of the thrips in the fall before they have any chance of doing any damage to the bulbs. If you have only small quantities of bulbs, that is up to a thousand, Naphthalene Flakes are the simplest thing to use to clean up the thrips.
